NEW HEARTS NEW BONES

ISSUE # 4

**The perfect
Christmas gift.**

Particle-track pyrotechnics from a bubble-chamber detector flash on a screen at CERN. Debris from subatomic collisions leave distinctive wakes. For instance, electrons and positrons spiral tightly in opposite directions. Computers now sort through such jungles of tracks to pinpoint results significant to experimenters.

① HOLOGRAPHIC TEACHING INTERFACE **ACTIVATED!** GOOD MORNING, CHILDREN! TODAY WE'LL CONTINUE OUR STUDY OF YOUR 21ST CENTURY ANCESTORS-- KNOWN TO HISTORIANS AS THE **WANKIEST GENERATION!**

② YOUR ANCESTORS WERE DEFINED BY THREE PRIMARY CHARACTERISTICS: THEIR UNSHAKABLE ADDICTION TO **OIL**...THEIR IRRATIONAL SUBSERVENCE TO THE **RICH**...AND, OF COURSE, THEIR ALL-CONSUMING, ENDLESS **FEAR**.

③ YOU SEE, YOUR ANCESTORS APPARENTLY BELIEVED THAT THE PRIMARY **PURPOSE** OF SOCIETY WAS TO REDISTRIBUTE THEIR NATION'S WEALTH--TO THOSE WHO ALREADY POSSESSED **MOST** OF IT! ALL OTHER CONSIDERATIONS WERE **SECONDARY!**

④ FINALLY, WE MUSTN'T OVERLOOK THEIR OVERWHELMING, CONSTANT, INCHOATE **FEAR**--THAT SOME BAD THING **MIGHT** HAPPEN SOMEDAY! IN RETROSPECT, IT'S CLEAR THAT CIVIL LIBERTIES AND THE RULE OF LAW NEVER STOOD A **CHANCE** AGAINST THEIR COLLECTIVE, SOCIETAL **ANXIETY DISORDER!**

seeing eyes

and

listening ears

You cannot make some of the things that you need outdoors. And you cannot buy them in a store. You already have them. All you have to do is use them:

Your **eyes** to see the wonderful shapes and colors of things,

Your **ears** to hear the soft, secret sounds of nature,

Your **nose** to sniff the good smells of the seasons,

Your **tongue** to enjoy the taste of food cooked outdoors,

Your **hands** to feel the bark of a tree, the cool roundness of pebbles,

and

Your **curiosity** to make you wonder why and find out more,

Your **heart** to be kind to all living things.

the world's
greatest show

Modern society is centered around the
production and distribution of material goods,
rather than the happiness and satisfaction of
its participants.

thus
Modern man thinks in terms of what he has
'to show for it', rather than considering the
life itself.
